

Common Wood Finishes

Polyurethane Finish

- A hard protective finish which offers exceptionally long-lasting beauty
- Recommended for surfaces which are subject to heavy traffic, moisture, grease or alcohol

Gloss Finish Polyurethane

\$38.30 / Gal
\$13.80 / Qt

Satin Finish Polyurethane

\$6.15 / Spray
\$38.30 / Gal
\$13.80 / Qt
\$6.15 / Spray

Clear Shellac Spray

- Convenient spray for hard-to-finish louvres, wicker, dried flowers, crafts
- Non-toxic; safe for children's toys, food areas
- Seals knots, water stains, graffiti, spackle spots prior to painting
- Sticks to metal, ceramic tile, iron work, screens

\$11.25 / Spray

Clear Lacquer Spray

- Gives surfaces a new high gloss look; Dries fast
- Lead-free and non-toxic when dry
- Recommended for: metal and wood
- Use on cabinets, shelves, blinds, louvered doors, furniture, etc.

\$5.90 / Ea

Varnish Interior/Exterior

- A quick drying, crystal clear finish for interior wood surfaces
- It is resistant to toughest wear and is not harmed by alcohol, water or detergents
- Available in a full gloss finish for a professional hand-rubbed appearance

Gloss Clear Varnish

\$37.40 / Gal
\$13.50 / Qt

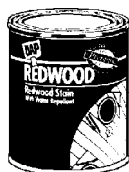

Wood Preservative

- Ideal for all structural wood uses
- Protects against mildew, decay and staining
- Controls warping, splitting, shrinking, swelling of wood
- Paintable and stainable

\$10.95 / Gal

Redwood Stain

- 100% solvent free, semi-transparent water-repellent redwood stain
- Formulated for patios, decking, outdoor furniture and any other exterior wood application where a stain/water repellent combination is desired
- Good protection against rub-off on clothing
- VOC/VOS compliant

\$18.25 / Gal

Water-Base Polyurethane

- Economically priced, user friendly product that dries to an exceptionally clear finish for that "natural wood" look
- Tough, durable finish; non-yellowing
- Scuff resistant; low odor; very fast drying; soap and water clean-up
- Its high build formula means only two or three coats are needed for complete protection-even for floors

#1793 Satin

#1794 Gloss

\$39.90 / Gal
\$14.40 / Qt

Boiled Linseed Oil

- For refinishing antiques, preserving exterior woods and concrete surfaces
- A rust inhibitor for metal parts and as an additive to oil base paints, varnishes, and enamels
- 100% pure linseed oil, scientifically treated to shorten drying time

\$27.00 / Gal
\$7.75 / Qt

Raw Linseed Oil

- The natural oil of the flaxseed, with no driers or chemical additives
- Use for refinishing antiques, preserving exterior woods and concrete surfaces, a rust inhibitor for metal parts and as an additive to oil base paints, varnishes, and enamels

\$27.35 / Gal
\$7.75 / Qt

Mineral Oil

- A clear, paraffinic-base, food grade mineral oil
- FDA approved sealer/coating for wooden kitchen utensils, such as salad bowls, wooden spoons and forks, and cutting boards

\$42.50 / Gal
\$11.55 / Pt

Rubbing Oil

- Used in rubbing wood varnish for fine, gloss finish
- Low-viscosity, light-colored, straight mineral oil; paraffin based oil

\$21.90 / Gal
\$6.65 / Qt

FINISHES

Deft Finishes

Deft Clear Interior Wood Finish

- Dries dust-free in 30 minutes, can be recoated in 2 hours, V.O.C. compliant
- You can apply a 3-coat finish in 4 hours
- Non-yellowing Deft Clear wood finish dries crystal clear, won't brushmark, and gives wood a rich, durable, bar-top finish

Note: Must specify "semi-gloss" or "gloss" when ordering.

\$42.70 / Gal
\$14.65 / Qt
\$7.80 / Spray

Deft Clear Water-Based Interior Wood Finish

- Water-based formula
- Non-yellowing Deft Clear wood finish dries crystal clear, won't brushmark, and gives wood a rich, durable, bar-top finish
- Dries dust-free in 30 minutes, can be recoated in 2 hours, V.O.C. compliant

Note: Must specify "semi-gloss" or "gloss" when ordering.

\$50.20 / Gal
\$17.40 / Qt
\$7.70 / Spray

Deft Lacquer Sanding Sealer

- Use for the first coat on any lacquer finishing project
- Formulated prefinish coating for especially easy sanding
- One prefinish coat will also help seal the wood
- One thin coat will block most stains from weeping through the final finish coat
- Formulated for interior wood surfaces only
- Dries crystal clear in 30 minutes, ready for sanding in 1 hour
- Non-yellowing and will not skin over or harden in the can
- Will work with any lacquer but it is especially formulated to work best with Deft Clear Wood Finish

\$12.25 / Qt
\$7.05 / Spray

Deft Interior Polyurethane

- Tough durable clear polyurethane which outlasts varnish 3 to 1
- Resists abrasion, marring, alcohol, and other common household chemicals
- Seals and finishes interior hard use wood areas; great for floors, furniture (baby safe), cabinets, and paneling
- Brush or spray on allowing 3-4 hour dry time between coats
- Clean up with mineral spirits

Note: Must specify "gloss" or "satin" when ordering.

\$38.80 / Gal
\$8.60 / Qt
\$4.75 / Spray

Deftthane Int/Ext Wood Finish

- V.O.C. Compliant-Meets all Government clean air requirements
- Interior and exterior durability
- Dries to a clear, tough finish with excellent resistance to wear and staining from water, alcohol, food, household chemicals, salt spray and exterior weathering
- Can be used for exteriors and interior "hard use" areas such as wood floors, counter and bar tops, patio furniture, boats, decks, fences, baby furniture
- Use on unfinished and stained wood, and over painted, antiqued, varnished, or lacquered surfaces
- Flows out, leveling brush marks
- Satin and gloss can be mixed together to modify the sheen
- Needs no sealers, dries dust-free in 30 minutes
- Not recommended over lacquer sanding sealers, shellac, solvent based acrylics, or other finishes containing stearates
- 6 hour recoat with no sanding
- Two coats only instead of three

Note: Must specify "gloss" or "satin" when ordering.

\$54.50 / Gal
\$16.30 / Qt
\$8.35 / Spray

Deft Step Saver Stain and Finish

- Wood stain and finish all in one can
- Goes on like a stain; protects like a urethane
- Penetrates deep into wood
- V.O.C. compliant and nature friendly because it requires no finish
- It primes, hardens, seals, finishes, and protects wooden floors, furniture, kitchen table tops, cabinets, and paneling all in one step
- Step Saver is in the wood, not on it, so there is nothing to chip, peel, or wear away
- May apply successive coats immediately; dry time 2 hours
- Clean up with mineral spirits

Available in the following colors:

Cherrywood	Burl Walnut
Dark Oak	Honey Oak
Golden Oak	Mediterranean Walnut
Black Cherry	Spanish Walnut
Neutral	

Note: Please specify color when ordering.

\$37.65 / Gal
\$13.85 / Qt

Deftoil Clear Exterior Wood Finish

- Protects exterior woods from the harmful effects of rain and sun
- Contains rich tung oil and polyurethane resins for deep wood penetration and tough finish durability

\$37.85 / Gal
\$12.70 / Qt

Deftoil Danish Oil

- Penetrates wood grain, protects from inside the wood
- It seals, finishes and hardens interior wood and won't chip, peel, check or wear away
- Stains, scratches and minor burns are usually spot repairable
- Deftoil with urethane gives more protection from water, fruit juice and alcohol stains
- Meets ANSI requirements for cabinet finishes
- V.O.C. Compliant

Available in the following colors:

- Black Walnut
- Medium Walnut

- Dark Walnut
- Natural-Clear

Note: Please specify color when ordering.

\$36.20 / Gal
\$11.15 / Qt

Deftoil Clear Marine Teakwood Finish

- Protects exterior woods above the waterline from the effects of rain and sun

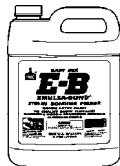

\$37.85 / Gal
\$12.70 / Qt

Flood Finishes

Emulsa-Bond Stir-In Bonding Primer

- Bonds latex paint to chalky dusty surfaces
- New formula can be rolled, brushed or sprayed
- Extends latex paint without changing color
- Dries quickly for second coat in four hours, soap and water clean-up

\$26.55 / Gal
\$8.85 / Qt

Floetrol Paint Conditioner

- Improves spread and application of latex paint
- Floetrol reinforces-It does not thin-Each addition of Floetrol makes that much more easy-working latex paint
- Use with latex paint to improve spray pattern, reduce tip clogging and piston freeze-up when spraying
- Reduce roller pressure on surface and avoid build-up of paint on edges of the roller pattern. Provide a spray-like finish

\$14.95 / Gal
\$5.05 / Qt

Penetrol Paint Conditioner

- Safeguards metal and vinyl from rust/corrosion
- Supplies a protective coating for steel and other metals
- Provides an excellent foundation for painting
- Add to improve application, hiding and coverage of int./ext. oil and alkyd base paint, enamels, varnish and asphalt

\$27.35 / Gal
\$9.15 / Qt
