Metal Case Chalk Reel

Heavy-duty case is constructed of durable aluminum alloy. Steel plated hook and large grip ancor ring provide better holding power. Retractable self-locking metal handle allows reel to be used as a plumb bob. Twisted cotton line holds more chalk for multiple line strikes. Holds approximately 2 oz. of chalk.

#64110, 100 ft. \$5.80 / Ea

Fast Retrieve Chalk Reel

Retrieves chalk lin 3-1/2 times faster than a standard chalk reel. Crank handle clutch release allows release of the line without spinning the crank handle. Lightweight ABS impact-resistant case increases durability. Patented hook storage and door locking mechanism virtually eliminate spills and line tangles. Twisted cotton line holds more chalk for multiple line strikes. Holds approximately 2 oz. of chalk.
